1- Beverly Hills International School Mission and Vision:

Mission:

Our mission is to deliver exceptional education to all students and the community, while fostering citizenship, ethical values, and social responsibility.

Vision:

Our vision is to nurture a generation that is creative, caring, and proud of its heritage. We strive to provide an inspiring environment that fosters critical thinking, creativity, empowerment, and the achievement of personal and academic excellence.

1- Introduction:

Ensuring the safety and well-being of students is of utmost importance to our school. This Cars Entry Policy has been established to regulate the entry of vehicles onto the school premises, with a specific focus on accommodating parents of students with special medical conditions.

2- Aims and Purposes:

- Cars are permitted to enter the school premises exclusively for parents of students with special medical conditions.
- Car entry permits may be granted on a temporary or full-year basis.
- The primary goal is to facilitate the entry of students and their families, taking into consideration their unique health conditions.

3- Targeted group:

- All Parents

4- Practices:

- The guardian is required to submit a formal request to the school administration to obtain permission for their car's entry during morning drop-offs and afternoon pickups, ensuring it does not disrupt the movement of buses.
- The guardian must provide a detailed explanation of the health condition necessitating car entry and attach a valid medical report supporting the request.
- Upon approval of the application, the guardian is obligated to sign a pledge acknowledging adherence to security and safety conditions during car entry.
- In cases of temporary entry requests, a temporary permit will be issued, to be returned upon the agreed-upon expiration date.
- Once all procedures with the guardian are completed, the security team will be notified to provide the necessary information related to the permitted car entry.
- The security team will brief the guardian on designated parking areas to avoid conflicts with employee and bus parking, ensuring the safety of all individuals within the school premises.

This policy is implemented to strike a balance between accommodating the needs of parents with students having special medical conditions and maintaining the overall safety and order within the school environment. Strict adherence to these guidelines is crucial for the successful implementation of this policy.
